SITUATION SUMMARY

Cal OES Southern Region Rain Event – Camarillo, Ventura County (Final)

Ventura County impacted with rain and a mud flow in Camarillo. 11 homes were under a mandatory evacuation due to the mud flow. 1 home had approximately three feet of mud inside the house and was red-tagged; another home was yellow tagged. Four other homes had some mud flow and debris damage inside the house. The remaining five homes had mud and debris in their yard. A shelter was opened at the local American Red Cross Chapter; animal sheltering was not needed. The City of Camarillo is working with residents. There were no EOC activations in Ventura OA. There are no Access and Functional Needs (AFN) or additional unmet needs or requests for state assistance at this time.

The County Geologist confirmed that this is a normal debris flow and is not a landslide. It was heavy rain in a short period of time in the Springs Fire burn area. Debris clearance is being done on the roadways and arrangements are being made for debris clearance on the private property of the homeowners association.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Active Weather Warnings, Watches and Advisories: http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

High pressure is building in today bringing mainly clear skies, although some valleys are seeing fog. This evening high clouds will increase along the Oregon border and drift south as a warm front approaches the area. This front will bring some very light rain to Del Norte and Humboldt Counties Monday and Tuesday. High pressure and mainly dry conditions return on Wednesday and Thursday.

San Francisco Weather:

Dry weather conditions return today with temperatures on the cool side of normal. A warming trend is then expected through midweek as high pressure builds over the region.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

Dry and mild weather is expected for much of this week. Light showers may be possible along the northern mountains Tuesday and Thursday.

Hanford Weather:

High pressure will begin to build over the region resulting in a warming trend into at least the end of the work week.

WEATHER

WEATHER SYNOPSIS BY REGION:

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Cloudy skies with isolated showers will continue over the mountains this morning; otherwise, skies will be sunny. Today will be cool with highs across the coasts and valleys near 70. High pressure and weak offshore flow will keep skies clear through next week. There will be a steady warming trend with the warmest days on Wednesday and Thursday.

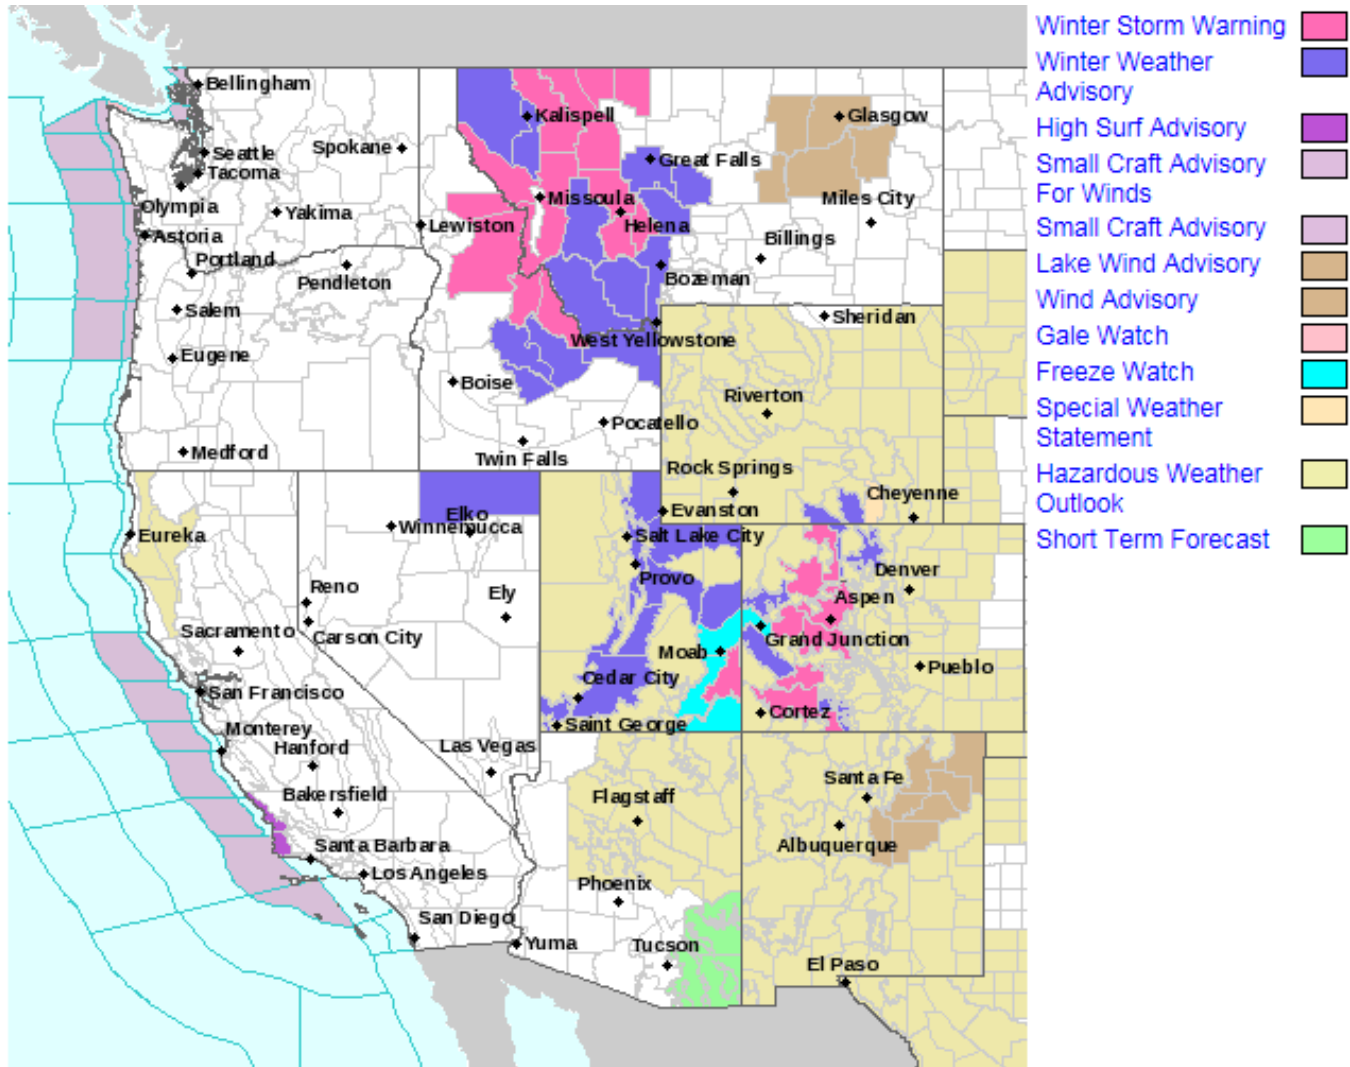

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

The storm that brought widespread precipitation and strong winds over the weekend is exiting the region to the east this morning. Although a few showers will persist today near the coast and valleys, the chances will be minimal. After today a gradual and persistent warmup will ensue as a broad dome of high pressure becomes established across the southwestern United States. Daytime highs will be 10 to 15 degrees above normal for mid to late this week. There will be moderate offshore winds which will bring a persistently dry air mass to the region along with mostly clear skies.

Southeast California Weather:

Significantly cooler temperatures are expected today through the early part of the week in the wake of an exiting low pressure system and cold front. Highs will drop into the upper 60s and lower 70s today and will remain below 80 degrees for many lower desert locations through Tuesday. In addition to the cooler temperatures, occasionally breezy conditions can be expected throughout the remainder of the weekend. A gradual warming trend will begin during the middle of next week as higher pressure aloft returns to the area.

RECOVERY ACTIVITIES

Boles Incident Vegetation Fire- City of Weed, Siskiyou County

Recovery Activities

- On 10/01/14, the U.S. Small Business Administration (SBA) approved a disaster declaration making SBA assistance available in the primary County of Siskiyou and the contiguous counties of Del Norte, Humboldt, Modoc, Shasta, and Trinity, making low-interest federal disaster loans available to homeowners, renters, businesses of all sizes and private nonprofit organizations whose property was damaged or destroyed by the Boles Fire. The filing deadline to return applications for property damage is 12/01/14. The deadline to return economic injury applications is 07/01/15.
- On 10/06/14, the Governor issued Executive Order (EO) B-27-14, which provides CDAA, and debris removal assistance, including the suspension of rules and regulations impacting debris removal. The EO also provides the ability for nonprofit organizations to seek reimbursement for extraordinary activities through the State Private Nonprofit Organizations Assistance Program.
- The Cal OES VAL continues to coordinate and participate in Long Term Recovery Group (LTRG) meetings with NGO, Faith Based, and local agencies. Shasta Community Foundation was identified as a fiscal agent for the group. Individuals needing assistance should be directed to the Family & Community Resource Center of Weed located at 260 Main Street, Weed. Funding organizations will assist with unmet needs through the case management process. The VAL will continue to provide guidance to the LTRG group and is meeting with subcommittees on 10/29/14, and the Executive Board on 10/30/14.
- The College of the Siskiyou's website contains a Fire Resource List of various local agencies offering goods and services. The document can be found at <http://www.siskiyou.edu/humanresources/documents/fireresourcelist.pdf>. Additional information on recovery efforts can be found at <https://weed.recovers.org/>.
- Food donations are being accepted at 310 Boles Street.
- CalRecycle is beginning the process of contacting property owners for the removal of trees. Homeowners will be asked to sign a separate Disposition of Tree Agreement (DTA). No tree removal will begin on a property until the DTA is signed. Tree stumps will not be removed. Tree removal is slated to begin next week.
- On 10/28/14, the City of Weed reestablished water pressure to its downtown area; however, the water storage capacity for fire suppression is still lacking. The City expects water storage to be restored by 12/31/14, or sooner if the weather permits.

RECOVERY ACTIVITIES

Boles Incident Vegetation Fire- City of Weed, Siskiyou County

Cal Recycle reports:

Air monitoring activities continue in the work area and surrounding community.

23,795.09 total tons of debris have been removed as of Day 26 of operations (445.23 tons of metal delivered for recycling; 7,827.83 tons of concrete delivered for recycling; and 15,522.03 tons of debris, ash and soil delivered for disposal)

The Numbers as of Day 26

- 133 Sites registered for the removal project (Right-of-Entry, includes library, community center and 2 churches).
- 12 Sites denied entry.
- 133 Sites documented.
- 133 Asbestos surveys completed.
- 65 Sites with asbestos containing material.
- 65 Sites cleared of asbestos containing material.
- 128 Debris removal completed.
- 115 Sites sampled.
- 22 Sample results approved.
- 0 Erosion control completed.
- 0 Approved by City of Weed as ready for a building permit.

Cal OES Deployments

- One (1) Cal OES Recovery staff is assigned.

RECOVERY ACTIVITIES

Magnitude 6.0 Earthquake, American Canyon, Napa County

- Cal OES and FEMA announced that the Major Disaster declaration for the South Napa earthquake will also include the Individuals and Households Program under the Stafford Act. This amendment makes assistance available to help homeowners and renters recover from the earthquake.
- Low-interest federal disaster loans are now available to California residents and business owners as a result of President Obama's major disaster declaration. The declaration covers Napa and Solano counties as a result of the South Napa Earthquake and aftershocks that occurred August 24 – September 7, 2014.

Recovery Activities

- The deadline for Cal OES to submit the Request for Public Assistance of potential applicants to be considered for reimbursement for this event ended, 10/24/14. Fifty-nine (59) RPAs were received and nine (9) were withdrawn for a total of fifty (50) RPAs submitted to FEMA. Thirty-One (31) Kickoff Meetings have been completed.
- The Napa Long Term Recovery Committee (LTRC) is in the process of forming its leadership, establishing policies and procedures, and identifying a Mission statement. A follow up meeting is pending.
- Cal OES IA Voluntary Agency Liaison (VAL) continues NGO coordination in Solano County. The Vallejo Earthquake Recovery Group (VERG), a long term recovery group, has formed and has established by-laws and elected an Executive Board. The VERG has reached out to nonprofit partners regarding a general member meeting scheduled for October 31, 2014.
- Local Assistance Center (LAC): County and City of Napa: LAC opened on 09/08/14 at 301 1st Street, Napa (corner of 1st Street and Silverado Trail). On October 29, 2014, FEMA and SBA provided representatives in the Napa LAC, and coordination continues for opening a Disaster Recovery Center in the City of Vallejo. The LAC is open until further notice.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC and REOCs are activated at Level 2 in support of the Drought State of Emergency Monday through Friday, from 0800-1700 hours.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is Monday through Friday, from 0800-1700 hours.
- The Governor issued an Executive Order on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought. Specifically, through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
